KEY SYSTEM PLANS FURTHER RETRENCHMENTS

PROBE LAUNCHED IN AIRPLANE CRASH, FLIERS RECOVERING

The CORE

Four Americans, three of them said to be deserters from the navy were shot and killed by Mexican officials on the Ensenada-Tijuana highway yesterday. The four men are alleged to have been held in a car on charges of highway robbery.

Physicians attending Gabriel d'Annunzio, Italian poet, playwright and soldier, yesterday announced his condition was grave. The poet has been suffering from influenza, which has become complicated by bronchial trouble.

Charges were filed in San Francisco yesterday against two patrolmen, Lloyd Grant and W. O. Seiburn, as a result of their participation in a wedding party brawl last week in which Miss Brigit Kearney was slain. The charges will be heard by the police commission.

A vigorous defense of the Federal policy in the Tyrol was made yesterday by Premier Mussolini who stated the Italian position that interference of outside governments would not be tolerated.

George Chisholm, 84, yesterday confessed to police that he had bound his two sons, George Jr. 9, and Edgar 7, and forced them to jump into the ship canal where their bodies were found.

Improvements At First National Bank Completed

Replacement work of the old style cases with the newer types has been completed by Carl Overman, contractor, for the First National Bank. The old style cases were installed when the bank building was built 18 years ago, and had been a constant source of discussion until the change was agreed upon. The building is adequate in every way to serve the needs of the institution and now that the up-to-date fixtures have been installed, they are popular with the public according to Fred Caudle, cashier of the bank.

The improvements just completed brings the banker into closer contact with the customer and the old feeling of mystery regarding the banking business is cleared away. All the employees are elated over the new style of fixtures.

STOLEN CAR RETURNED

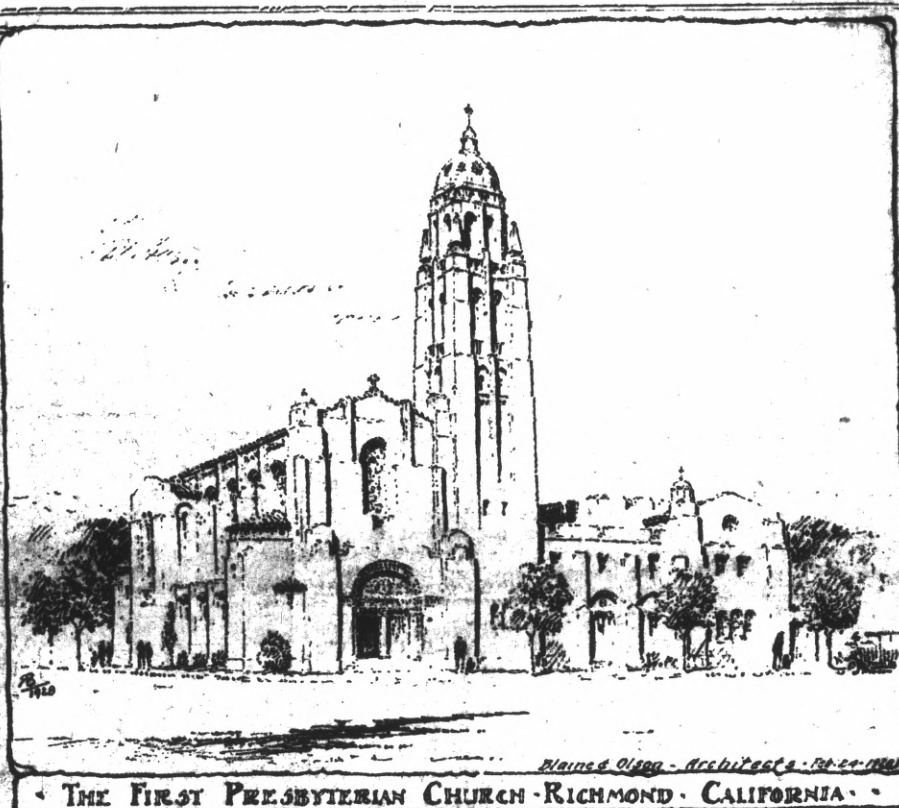

An automobile stolen from P. A. Icardo, ticket agent for the San Rafael Ferry company, was found near the Stege station yesterday. The machine was missing overnight and apparently was undamaged by the users.

WISE BUYING OF FUEL AND FUEL

Buying right is as important to the business man as selling at a profit. In fact he cannot sell at a profit if he does not buy at advantage. Buying right is equally important to the family. The time to buy food for instance, is when prices are lowest. The time to buy fuel during warm weather, because others usually wait until it is cold before they order their fuel and when there is little or no market for a commodity the price declines. The place to buy food and fuel is listed in the Buyers Guide on the classified page.

New First Presbyterian Church

Architect's sketch of the proposed new \$80,000 church to be erected at Twelfth Street and Bissell Avenue for the First Presbyterian Church. The building fund campaign will be carried to conclusion today.

THE FIRST PRESBYTERIAN CHURCH - RICHMOND - CALIFORNIA

Action Delay On Long Span Expected Mon.

MARTINEZ, March 3.—With State Engineer Edward Hyatt still considering his authority to pass on the length of spans to be embraced in the \$15,000,000 bridge Roy O. Long intends to unite Contra Costa and Marin counties it was indicated today that another postponement will be ordered by the board of supervisors Monday when certification of the span plans to the state officials comes up for action.

J. E. Rodgers and A. F. Bray, attorneys for Long, declared today that unless Hyatt's decision on his authority to fix span length is made by Monday, the supervisors will be asked to delay certification another week.

In view of Attorney General U. S. Webb's ruling that Hyatt has no authority to pass on the lengths of spans in a San Francisco bay bridge the engineer is doubtful of his authority to pass on the plans of Long's proposed structure.

If Hyatt decides that he can not pass upon the span length application for War Department sanction will be made immediately.

LEAVES FOR TEXAS

Ferris Walker, Standard Oil Company employee, is on his way to El Paso, Texas, where he has been sent by the company to work at the new refinery that is being constructed at that place. Walker is a relative of A. D. Jackson, foreman of the Standard Oil Company here.

YOUTH ADMITS HOLDUP HOAX

MARTINEZ, March 3.—The raid of two negro "bandits" on Phil Wing's Lafayette Garage shortly before noon yesterday faded into thin air as Deputy Sheriff's late yesterday afternoon made a thorough investigation of the incident.

Instead of "sticking up" the garage at the point of a gun, the two colored gentry, rambling about the country, came upon Dan Mullikan, employee of Wing in the garage and "took on" the lad for a little three-card monte.

Mullikan, of course, just never did pick the right card and as loss came along dug deeper into the cash register until the whole \$25 had evaporated — into the pockets of the two dusky-bued strangers.

Mullikan, according to reported confession of the officers, rushed to Wing with the tale of the hold up when the negroes, having cleaned up all the profits in sight, had taken their departure and Wing took after the fleeing pair, following them to Hookston where he overtook the negroes when their car crashed against the concrete wall surrounding the monument.

Red Cross Directors Meet Monday Night

Discussion of the re-organization of the Richmond chapter of the Red Cross will be the main point of discussion at the meeting of the board of directors to be held tomorrow night at 7:30 o'clock in the chapter offices of the First National bank building. Executive secretary, Mrs. Katherine Rogers, will be instrumental in the re-organization work.

GOING TO SEATTLE

Mrs. Melbourne L. Jordan, 708 Washington avenue, has recovered from a recent operation and is preparing to leave for Seattle where she will join her husband who is captain of a Standard Oil tanker.

Campaign For Presbyterian New Church To Close Today

Large plans for the culmination of the campaign plans for the new building of the First Presbyterian Church have been completed. Dr. Platte T. Amstutz, who is the campaign manager is pleased with the preliminary work.

Victory Sunday will be celebrated today and Dr. Amstutz will speak at the services morning and evening. In the morning his subject will be "Christ's Need of Us and Ours." In the evening "A Church Fit For a Worship, and a Worship Fit For a Church."

The members and friends of the church expect to be out in large numbers, and plans are being made to care for the large crowds. The opportunity will be given to subscribe to the building fund, and the members of the church who may not be present in the morning will be solicited in their homes in the afternoon by selected teams of men and women. These who are to participate in the canvass will have lunch at the church following the services.

There is a decided movement in the church life of Richmond and those who are interested in the substantial growth of the city rejoice in the larger plans that the churches are making. A city is known by the strength of its churches, for if the idealism which the church represents is lost, our civilization will fall, declared Rev. C. W. Haney, pastor of the church.

A new building such as pictured will bring real value to the region of 12th Street and Bissell Avenue, and will give the opportunity for the development of the much larger activity in the spiritual life of the community. (Continued on Page Eight)

One Injured In Accidents Here

But one person was injured in three accidents in Richmond yesterday.

Miss Harriet Davis of 533 Forty fourth street sustained a possible fractured rib when the car in which she was riding with her sister, Miss Marie Davis and driven by J. M. Beard collided with a machine driven by Miss Mary Page of 728 Bissell avenue. None of the other occupants were injured.

Mrs. Roy Martin of 432 Thirteenth street narrowly escaped injuries in a series of collisions yesterday afternoon. After losing control of her car, the machine crashed into a car driven by Charles Mallant of 325 Eighth street, knocking the latter machine across the street. Mrs. Martin's car then continued in its path and struck a car driven by H. B. Caycroft of Vandalia, Ill. Slight damage was done to the cars and no one was injured. The accident occurred at 3 o'clock yesterday afternoon on Nevil avenue between Fourth and Fifth streets.

A car driven by Roy Chamberlain of 1514 Arch street, Berkeley, skidded on the pavement at Cutting boulevard and Fifth St. breaking a wheel. Chamberlain was uninjured.

Mrs. M. Mick, principal of the Sobrante school of Giant, has been called to the northern part of the state due to the sudden death of her father.

FURTHER CUT IN TAX SLASH NOT EXPECTED

(By Universal Service)

WASHINGTON, March 3.—The Congress which assembled in December whetting its knife to carve a large and luscious "taxpayers' meal" in all likelihood will go home without cutting a dime off the National tax bill.

Sharp scaling down of the treasury's estimates of tax receipts, coming soon after the postponement of action on the tax reduction measure, has bred the conviction in most quarters that present rates will stand unchanged.

In a sense the taxpayers themselves will cast the deciding vote when some 3,000,000 of them line up at collectors' windows, or mail in their returns, between now and March 15.

Should their returns show that their collective taxable income in 1927 was unexpectedly large the tax reduction measure might be revived and deadweight "taxpayers' estimates" together with the official estimates, however, put the amount of 1927 income below that of 1926 and reduce the prospective tax payments accordingly.

Questionnaires sent to hundreds of corporations, developed that their 1927 income appeared to be 9 or 10 per cent lower than in 1926, which was a year of record earnings. Corporations furnish about three-fifths of the total income tax payments.

Curtailment of their earnings was attributed to a slowing down of industry and business in the latter part of last year.

The same cause affected individual incomes to some extent, the experts believe, although satisfactory data on this point are lacking.

Unemployment was felt to a considerable extent late in 1927. So far as this affected workers large enough to pay income taxes it will be reflected in the Treasury's collections this year.

Treasury officials anticipate March income tax collections of about \$475,000,000, or approximately \$40,000,000 less than last March and \$25,000,000 less than in March, 1926.

If their estimates are borne out when tabulation of the returns is completed about the end of the month, they will be compelled to reduce previous estimates of income tax collections for the four quarters by well over \$100,000,000.

Although a surplus in the neighborhood of half a billion dollars is assured for the Treasury year ending June 30, even with a considerable drop in collections, such a decline would work havoc with the surplus for the ensuing Treasury year.

It is the size of this latter surplus that most govern tax reduction. Secretary Mellon and most of the congressional leaders agree. The Treasury's last estimate of it was \$252,000,000, but this made no allowance, according to the Treasury, for the shrinkage of revenue now foreseen.

Arizona Senator Praises Schools

Fred Sutter of Bisbee, Arizona was a guest Friday at the home of Mr. and Mrs. W. A. McGavock, 17 Bissell avenue. Sutter was impressed with the Richmond schools and stated that in his estimation Richmond looked prosperous. He is a state senator from Arizona and is the son-in-law of the McGavocks.

Investigation Of Plane Crash To Be Made At Pittsburg Port

PITTSBURG, March 3.—Thorough probe of the conditions existing at the Pittsburg airport by officials of the Commerce Department and the city of Pittsburg is rumored to be imminent following the near fatal crash yesterday afternoon of a new Eaglerock biplane in which W. H. Peterson, said to be an unlicensed pilot, was instructing Richard Mills, 19, in the art of flying.

This is the second crash in recent months authorities here pointed out today. R. P. Upton having been instantly killed on July 15 when the plane piloted by R. A. King crashed to earth.

Peterson, who resides in Antioch, has been flying from the Pittsburg field for several months. Inasmuch as the local field is not a municipal airport governed by city ordinance, no action can be taken against aviators making use of the comparatively small and rather difficult landing field. The two recent mishaps illustrate, it is pointed out here, the need for supervision of flying fields in the interests of safety both to the public flying as passengers and to all others who may be residing, or passing in the vicinity of landing fields to the end that only experienced, licensed flyers shall operate the "ships."

Mills, who with Peterson was rushed to the Martinez hospital, has a wound in the abdomen, caused when the front part of the cockpit splintered and a piece of wood penetrated his body. Peterson has a fractured jaw, several broken ribs and many bruises.

Mills was at the controls, Peterson said, and was endeavoring to make a landing on the Pittsburg field after a five minute flight. At a height of about 300 feet something went wrong and the ship "whirl-tailed". Peterson said the crash came so suddenly that he is not sure what occurred, but had noticed Mills was nervous and gripping the controls tightly.

Court Requested To Condemn Land

MARTINEZ, March 3.—Acting on authority of the City Council, City Attorney T. M. Carlson, of Richmond, today filed a suit here against John Hurley and ten other property owners on Pennsylvania avenue, Richmond, asking the court to condemn sections of lots to permit the widening and extension of the thoroughfare. The city's suit asks the court to fix the amount of compensation to be paid to the defendants.

St. John's Church Plans Festival

A St. Patrick's Day festival is to be given by St. John's parish, March 16 in St. John's hall at which time a play, a concert, and dancing will be featured. The play is under the direction of the Berkeley Council Knights of Columbus, and rehearsals are now being held in the hall of the church.

Elba Gilreath Calfee will sing several selections and P. J. Rooney of Berkeley will be on the program. Music for dancing will be furnished by the Catholic Federation band of El Cerrito.

ENTERTAINS YOTHER

Mrs. W. J. Smetter, 259 Fourth Street, is entertaining her mother, Mrs. James Burke, who arrived here yesterday from Reno, Nev.

CURTAINMENT OF SERVICE TO OFFSET LOSSES

Drastic retrenchment to avoid receivership will be the policy of the Key System Transit company, according to an announcement made yesterday by A. J. Lundberg, president.

Runng are to be curtailed wherever possible permitting the company to drop a number of employees and thereby saving the company thousands of dollars in operating expenses.

The policy adopted in Richmond a few weeks ago will be extended to other sections of the East-bay in an effort to stave off receivership.

Decrease in earnings and increase in operating expenses have made necessary the inauguration of a bare economy policy, it was stated.

The company's earnings, President Lundberg pointed out, were about \$850,000 less in 1927 than the amount necessary to meet the interest and sinking funds on the company's bonds that year.

And up to February 14 of this year gross earnings had declined \$21,417.89, as compared with the like period last year, Lundberg said.

"The average platform wage is 70.66 cents an hour, and is the largest wage item in the system," said Lundberg. "The corresponding figure in 1914 was \$5.04 cents an hour, a 100 per cent increase in four years. Costs of electric railway materials have advanced 40 per cent since 1913. Fare on street cars has increased 14 per cent since 1914, which compares with the 100 per cent increase in wages. On the transit division, which carries only 20 per cent of Key passengers, the average increase in fare from 1914 to date is 91 per cent."

New Veteran Unit Installed Here

Approximately forty members of the various veteran organizations of Richmond joined together last night to form the charter membership of the United Veterans of the Republic when the Richmond unit was installed at ceremonies held in Memorial hall. The installation was supervised by Raymond A. Burr, department commander, and the work of initiation was put on by John Valentine Flemming, unit No. 8 of Vallejo. Following the ceremonies a banquet was served by Girl Scout Troop No. 5.

Assisting Burr in the work of installation were Frank L. Storey, master of ceremonies, A. Chase, and Art Young.

The girl scouts of troop No. 3 who prepared and served the banquet afterwards were Gertrude Halse, Vera Myers, Lorraine Brown, Alene Hucks, Lorraine Monte, Agnes Mortenson, Nadia Hasey, Eloise Krumdick, and the Captain Mrs. Charles Booth.

Representatives from Vallejo, Oakland, San Francisco, and Los Angeles lodges were present.

PARENTS OF SON

A son, James William, was born to Mr. and Mrs. William Harris, February 20, at the Bronson Methodist hospital, Kalamazoo, Mich. Mrs. Harris was formerly Mrs. Jennie Peer of Richmond, but left a few years ago to return to her old home in Michigan, with her three children.

"7th Heaven" Starring Janet Gaynor Opens Here Tomorrow

All reports to the contrary notwithstanding, this is not the first time Janet Gaynor and Charles Farrell, the two young Fox Film players, who portrayed the featured roles in "7th Heaven" have appeared together on the screen. Not by a "long shot" as the saying goes.

Charles and Janet were extras together in some two reel comedies at F. B. O. about two years ago, and they remember the times when they were paired off before the camera during those early days.

But, of course, it is their first appearance as a team in featured roles that they give one of the most remarkable performances of their short but highly successful careers.

"7th Heaven" is an adaptation of the stage success by Austin Strong. Frank Borzage directed the production for Fox Films and the picture is to be shown at the Richmond theatre, commencing this Monday.

THE SPOTLIGHT FEATURE FILM AT CALIFORNIA THEATRE

Love or career, fame or happiness? That is the question confronting the girl in the Paramount picture "The Spotlight" starring Esther Ralston coming to the California Theatre today.

There are three ways out for the girl. She can take the happiness she longs for and try to hold it by keeping up with a sham. She can tell the truth and run the almost certain risk of losing happiness. She can turn her back on love and try to find happiness in the fame that has come to her through unprecedented success on the stage.

While "The Spotlight" is a story of the stage it is more than that. It is one of real life, intensely human and absorbingly interesting. It has all the romance of the stage interwoven about a love story as different from the usual love plot as day differs from night.

Esther Ralston as Lizzie Stokes, has a great part in which she undergoes an amazing transformation from a plain New England girl to a sophisticated Russian actress as the actress who wins the fame she has always craved and thinks that her troubles are over. Then she finds that her troubles have just begun when love enters into the scheme of things. Can the man who loves a Russian actress love the American girl who is the real article beneath the clothing and accent?

Nell Hamilton takes the part of Norman Brooke, the lover; Nicholas Soussanin, the Russian; the theatrical producer; and Arlette Marchal and Arthur Housman have good supporting parts. Frank Tuttle directed the picture.

Other features on the same program include Felix the Cat in "Dragon Dragon"; Current News Events; and five big acts of vaudeville.

Virginia Valli, striking brunette who plays the leading feminine role in "Paid to Love," Fox Film version of an original story by Harry Carr, is the head of one of the most unique organizations in Hollywood. She is president of the "Say a Good Word Club," founded two years ago and boasting a substantial but unpretentious membership. Self-effacement is the keynote.

"Anyone is eligible to membership," Miss Valli told George O'Brien, J. Farrell MacDonald, William Powell and Thomas Jefferson as she enrolled them, "and the only requirement is that each member shall solemnly resolve to practice what he or she preaches. The purpose of the club is apparent at a glance. According to members of the Elks Lodge, P. O. E., a good elk is one who 'who goes about doing good.' In the Boy Scout organization the chief requirement is that each boy shall 'Do a good deed daily.' Therefore, it seemed to me that we of Hollywood had urgent need for a club that would give us ample opportunity for doing good.

"Our little club, which started with a membership of six, has steadily grown until we have on our list some of the best-known names in Hollywood.

"As outlined, the prime requirement is that we shall make it our business to speak a good word. If we find ourselves about to utter sharp but unjust criticism, we pause and say to ourselves: 'That's bad! Is there no good word we can say? If not, say nothing. There's better so.'

"That's about all, I guess, except that one has no idea how this benefits each individual. It is what we call a 'Whispering campaign for good,' and it has worked some strange and beautiful changes in our lives and the lives of others. Virtually every member of the Howard Hawks company joined this club while Miss Valli was working at Fox Films West Coast Studio.

Miss Valli's latest picture, "Paid to Love" comes to the California Theatre Monday.

BURBANK—Alameda avenue paving to be widened to 52 feet.

Roman dramatic critics banded together and decided to ostracize a visiting dramatic company because of the strong terms employed by the Director of the company in replying to an unfavorable notice. Naturally, the director capitulated and apologized but the incident provoked an editorial in one of the evening papers. The editorial was a plea for the abolition of "dramatic immunities." In this connection it should be explained that Italian dramatic circles rarely if ever give any but the most eulogistic notices. While Italian are and musical scribes can be heartless and savage in their reviews, the follower of the drama is apathetically apathetic.

Pirandello and his company are still touring Italy after their return from South America. It is understood that the author of the famous "Six Characters, etc." is preparing a new play based on the Fascist Revolution.

Translations of French farces, usually two or three seasons old, are the main element of most repertories. The French company of "No, No, Nanette" is due to open in Milan early in March. A motion picture starring Josephine Baker, is creating a big sensation in Italian cities and towns.

Theatre Only Field In Italy Not Entered By Fascisti Govt.

ROME, March 1. — The Italian theatre, in the opinion of native critics, still remains the only element in national life, yet unfired by the oxygenic spark of Fascism. There have been renaissance movements in art, architecture and literature, but a heavy black pall due to absence of native writers and dramatists still enshrouds the stage in Italy. Marzetti, the father of Futurism and the founder of the Futurist theatre has not however lost hope. He is campaigning the length of breadths of the Italian peninsula, playing one night stands, giving performances of his own plays, short sketches with Dr. Caligari-like scenery and accusing the most intense cheers and groans. In most towns he plays to carabinieri and policemen, who are almost always called out to protect the actors and scenery.

The latest play of Dario Nicodemi, "La Madonna," aroused a protest from the Vatican organ, the Osservatore Romano. The ecclesiastical newspaper takes issue with Nicodemi for his lack of judgment in choosing a title, offensive to religious sensibilities and for the general unmoral plot of his play.

MARY PICKFORD in one of the best roles of her career. "MY BEST GIRL" comes to the California Theatre for a three-day engagement starting Tuesday.

THE FAMOUS comedy team of Wallace Beery and Raymond Hatton will be seen in new roles in their latest film, "WIFE SAVERS" which comes to the California Theatre Friday.

Novelty Vaudeville Bill At California Theatre

Novelty is the prevailing influence throughout the five act program of vaudeville at the California today with a good smattering of comedy that is sure to keep patrons in a good humor throughout the performance.

The show gets a flying start with the European artist Alex Ferrell presenting his laugh vehicle entitled "Shadowland."

The Browns Harold and Willa offer something new in the variety line with a series of beautiful scenic pictures made from pieces of silk and rags. Both execute their several demonstrations with a deftness that pleases.

A fantastic revue with three pretty girls and an agile young fellow introduce songs dances and drawings in a style that is their own original conception. An all popular repertoire with some peppy soft shoe steps is sure to find favor.

The high light of the program for comedy is the appearance of Joe Rolley and Jack Ohara in a comedy boardwalk skit entitled "At Palm Beach" the colored wheel chair attendant and the irascible tourist have their troubles and the unfolding of their difficulties gives rise to much merry banter and funny situations.

Lavine and Lavine who indulge in comedy acromatics feature falls and spills finishing with a whirlwind cartwheel stunt.

Manager Dan Reardon of the California Theatre has not decided yet whether he is going to call the coming week "Laugh Week" or "Love Week" at his popular playhouse. Mary Pickford in "My Best Girl," the feature picture, which opens a three day engagement Tuesday, was directed by Sam Taylor, who is famous for the laughs he put into Harold Lloyd's production; and the Pickford picture is said to team with delightful comedy. On the other hand, "My Best Girl" was written by Kathleen Norris, whose love stories are a delight to lovers of romance and who knows the heart of youth as few other American writers do.

"My Best Girl" is the story of a shop girl, Maggie Johnson, who through all the hard knocks she receives, still retains a belief in better things. She is an enigma to her own family, who cannot understand the idealism with which she paints out the shadows in their lives. At the store she meets a new employee, Joe Grant, with whom she falls in love. She has no idea that he is the son of her employer. It is a marvelous romance of two youngsters walking headlong and blindfolded into the trap Fate has set for them. Maggie has a sister whose friendship for a married man nearly wrecks the whole Johnson family and does play havoc with Maggie's own romance.

Charles Rogers plays the part of Joe Grant, and it is expected that this handsome youngster, last seen in "Wings," will soon be one of the most popular leading men on the screen.

The beautiful Carmelita Geraghty is cast for the part of Liz Johnson, hard-boiled sister of Maggie. Hobart Bosworth, the well known character actor, is the wealthy owner of the big store and the father of the hero. In the several dramatic scenes he is called upon to play, his performance has received plaudits of all critics who have viewed the picture.

Lucien Littlefield is Margie's Pa. Among the other members of the cast are Aronnie Taylor, Sunshine Hart and Mack Swain, Charlie Chaplin's playmate in "The Gold Rush."

The Kathleen Norris novel was written as a screen play by Allen McNeil and Tim Whelan with the technical adaptation by Hope Loring. Many unusual photographic effects have been contrived by Charles Korner, who has been chief camera man for Miss Pickford during the past ten years.

MARY PICKFORD IN LATE ROLE HERE THIS WEEK AT CALIFORNIA

The greatest human theme of the motion picture is—laughter. That's the belief of Ralph Cedar, the director who made "Wife Savers," the Wallace Beery-Raymond Hatton comedy presented by Paramount at the California Theatre Friday and Saturday.

Cedar regards it as a privilege to frame a magnificent comedy, a picture that will make the world laugh and forget care and trouble, a picture such as "Wife Savers."

"Laughter is health, mentally and physically," says Cedar, "if all men could laugh genuinely we would have no problems of wars between nations. There is no greater gift than humor."

And further, Cedar says: "Human bits of life that are pathetic in themselves are the basis of true comedy."

"In 'Wife Savers,' you see Beery as an American doughboy left behind his comrades after the armistice to work out a debt upon ordering of his superior, Raymond Hatton.

"You see him in moments of love, moments that border on pathos, you see him in danger. Yet all of these situations that skirt the hem of tragedy are gems of humor, made so by the twist of life that compels us to laugh at the man who slips on the banana peel."

Supporting Beery and Hatton in this massive comedy spectacle which for fun, is in a class with "Behind the Front," "We're in the Navy," "Fireman Save My Child," the other Beery-Hatton comedies, are Zasu Pitts, Sally Blane, Ford Sterling, August Toller, Tom Kennedy and George Y. Harvey.

"Jesse James" at Richmond Today

One of the most remarkable shots ever attempted in a motion picture will be seen in Fred Thompson's great production "Jesse James" on its arrival at the Richmond Theatre today. Thirty men climb from horses into the car windows of a passenger train traveling at the rate of thirty-five miles an hour.

It depicts a spectacular train holdup by Jesse James. Fred Thompson as the famous outlaw, leads the stunt on his white horse "Silver King." He had to do considerable experimenting on the speed and his ability to make the transfer before the scene was shot and members of the unit found it necessary to scour the West for thirty cowboys who thought they had the nerve to try it.

Other film features include "George's Many Loves," a comedy scream, and "Scenic Treasure Chest," a screen novelty.

NASH MODELS GIVEN RIGID SYSTEM TEST

Recognizing the importance of thoroughly testing automobiles, not only in the experimental stages, but also after construction at the factory, The Nash Motors company has perfected one of the most complete and effective testing systems in the industry.

"New models, and every part of these are given exhaustive tests which total thousands of miles of driving says H. P. Huddleston, local Nash dealer. "Experimental cars are driven over every road and under every condition that the cars are ever likely to meet when giving service in the hands of owners. They are driven thousands of miles so that the performance of the cars under extremes of weather and of road conditions may be firmly established before a single automobile is turned out for delivery to an owner.

"It is only after the most painstaking check by a large corps of engineers that a model is pronounced ready to go into production. The engineering staff establishes specifications which are turned over to the production department.

"After the model is placed into production, one of the most exacting inspection systems in the industry is brought into play to assure perfection in every car built. With the specifications of the engineering department as a guide, every unit and every manufacturing operation which goes to complete that unit is thoroughly checked by trained inspectors. The slightest error in manufacture is sufficient to cause rejection of a part. This inspection starts with the raw materials and continues until the finished car is driven away under its own power."

Beauty and Comfort Feature New Chevrolet Models for 1928

Beauty of line, increased power and improved riding comfort are features of the new Chevrolet line for 1928. At the upper left is the coupe, one of the smartest of motor cars in the popular priced class. At the lower right is the Imperial Landau, leader of the Chevrolet line. Insets show the new fan enclosure and engine and the instrument panel. Increased wheel-base and snubber springs make the new Chevrolet the last word in riding comfort.

LOWER PRICES BOOST DEMAND FOR CHRYSLERS

Greater public interest in Chrysler cars than ever before at this season of any year has followed the lowering of prices, effective January 10, for its new "52" and "Great New '62", according to reports received by Harry Curry, local Chrysler dealer.

The savings to the public range from \$50 to \$100 on various body styles.

In the "52" line, three body styles, two of them closed cars, are now priced at \$670 at the factory. They are the coupe, two-door sedan and roadster. In the "62" line the business coupe is

factory priced at \$1065, the roadster at \$1075 and the two-door sedan at \$1095.

Distributors and dealers throughout the country are reporting greater attention at their showrooms and larger buying volume, with many orders being booked for future delivery, according to factory checkings. Among the largest cities to report definite sales increases are New York, Chicago, Detroit, Philadelphia, Boston, Cleveland, St. Louis, Cincinnati, Atlanta, Baltimore, San Francisco, Los Angeles, Seattle and Dallas. Smaller market centers from every part of the country have also felt the greater Chrysler buying.

Chicago reports a greater attendance at Chrysler salesrooms during the week following the announcement of lower prices than during any previous entire month of January. Both in New York and Detroit more retail orders for "52" and "62" cars were written during the week following the announcement of

the savings than during all of January 1927.

Mr. Curry points out that greater public demand, which has resulted in Chrysler achieving for 1928, third place among all motor car manufacturers in the sale records of the National Automobile Chamber of Commerce, has made these substantial savings in cost to the general public possible.

Mrs. Anna Bates Answers Call

Mrs. Anna Carolina Bates, died at her home, 686 Seventh street, yesterday following a short illness. The deceased was 64 years of age and a native of California and had been a resident of Richmond for the past 15 years.

Her husband, a son, Burton W. Bates, of Richmond; a sister, Mrs. Jimmie Keating of Richmond, and a brother, Andrew C. Knudson of San Francisco, mourn her passing. Funeral arrangements are pending at Wilson and Kratzer.

POPPY SEWING CLUB TO MEET MARCH 12

The Poppy Sewing Club organized a short time ago has held three meetings and interest is increasing among its members. Membership is open to women from 18 to 40 years, single or married, and a few more members will be taken in.

Officers of the new organization are: Miss Myrtice Sinclair, president; Miss Lena Columbo, secretary; Miss Edith Ross, treasurer.

The next meeting will be held Monday evening, March 12 at the home of Miss Angelina Benoit on Laurel avenue at 7:30. The afternoon will be spent in sewing and refreshments will be served.

EARLY BRIDGE HISTORY TOLD BY H. N. BAKER

A study of California bridge history by H. N. Baker, secretary of the Dumbarton Bridge company has revealed that the first bridges known to California were constructed in 1851 at an average cost of \$9,000. Today the average bridge constructed in California runs into the millions.

Early day bridges were constructed to supersede ferries which, until 1851, were the only means of crossing bodies of water.

Baker declared that the first bridge across the Yuba river in 1851 cost \$30,000 to build. Seven years later a portion of it fell into the river.

None of the bridges which were built between 1850 and 1860 seemed able to remain intact. They invariably crumbled and sank.

One of the bridges, a cheaply constructed affair, was destroyed in 1854 when one span broke down under the weight of a drove of cattle.

In 1861 another bridge was built over the Yuba river, but the flood of that winter carried away 300 feet of it.

An experiment was tried with a tubular iron bridge in Lake county by Matthew Wood. This also proved a failure because when the supports were removed it fell, being unable to sustain its own weight. Bridges in those days were constructed hastily, with the engineers who built them having only a vague idea

Preparedness Urged For Car Owners In Traffic

Auto travel, expected to reach the greatest volume in the state's history, will not be devoid of certain congestion and confusion and the motorist who would avoid these difficulties should adopt as his slogan "preparedness."

Most of the annoyance of congestion can be overcome by scheduling your day's trip or week-end tour into the hours least likely to bring you in conflict with heavy traffic.

In this respect, and more so in respect to changes in road conditions, the motorist should prepare in advance with authentic information, today declared George S. Grant, manager of the Touring Bureau of the California State Automobile Association.

"No matter how brief or how extensive, the trip which is based on advance information is always the one least likely to be marred by unpleasant road conditions," said Grant.

"With the arrival of early

spring touring, in particular, these difficulties are manifold, especially when unpaved roads are still soft from winter rains or from snow in mountain areas. Construction work is underway in many sections as contractors are beginning seasonal activities. This work will result in many miles of new highways but, while underway, will bring inconvenience to motorists who come upon closed roads or bad detours unawares.

"Often the knowledge of an alternate route will save time and trouble to the motorist venturing into territory with which he is not thoroughly familiar.

"When planning a trip at this time of the year, it is essential to secure accurate, up-to-date travel data. Because of the many kaleidoscopic changes in road conditions, occurring at frequent intervals, such information is necessary if the motorist is to secure the greatest enjoyment from his outing."

18,000 CARS TO BE BAY QUOTA OF NEW BUICKS

Commencing with the present month, the Buick Motor Company enters on a record production schedule of 18,000 cars every thirty days according to advice brought to the Bay district organization, on his recent return from a tour to the Eastern automobile shows and the Buick factory at Flint, Mich., declared G. C. Kratzer, local Buick dealer.

"The new production quota was set on recommendation of President E. T. Strong of Buick," Thompson said. "Not very long ago a total of 18,000 cars would have been a big output for a whole year. Yet the same high schedule, according to President Strong, is set for March, April and the remainder of the current season in order to keep pace with the country-wide demand for Buicks."

Increased production of Buick automobiles is no outgrowth of a factory desire to press distributors and dealers to hectic sales heights, Thompson said. Buick sales during the last year passed the 2,000,000 car mark and definitely established the car as away out in the lead in the fine car field," he explained. "According to the steady increase in demand the factory output increase simply had to be made. Study of sales figures for the industry reveals that Buick's leadership is overwhelming. Except for cars in the lowest price range, Buick is outselling the entire field approximately two to one."

Reduced PRICES

\$845

Now buys a Nash

ON FEBRUARY 1, Nash announced reduced prices.

Now, you can buy a full 5-passenger Nash Six Sedan for only \$845 f. o. b. factory. Prices on other models are accordingly low.

Throughout the length and breadth of the motor car industry, you'll find no value to compare with Nash!

For Nash is the car with exterior and interior style and beauty which made it the center of interest at every

Motor Show of the year. Nash is the car with the Nash 7-bearing motor—built for smoothness and greater power.

And, Nash is the car with the tubular trussed frame, for extra strength—2-way, 4-wheel brakes, for extra safety—alloy steel springs plus shock absorbers, front and rear, for greater riding comfort—and a heavy duty transmission, for super-durability.

When you buy your new car, remember this: \$845 buys a full 5-passenger Nash Sedan! We have it on display.

C. C. GOLF CLUB OPENS COURSE TO STUDENTS

Since its organization a few years ago, it has always been the ambition of the Contra Costa Golf Club to encourage golf among the younger generation in the county. At the recent annual meeting of the Northern California Golf Association attention was drawn to the fact that there are a very limited number of really good amateur golfers in northern California and the majority of these players were sufficiently fortunate as far as their golf was concerned, to reside in the metropolitan areas where municipal courses are part of the community. This, therefore, makes it obvious that if golf champions are to be developed, means must be devised to permit as large a number as possible of the youth to find some place to play golf.

Letters addressed to the principals of the various high schools in the county have been sent out inviting their students to play on Saturday mornings to 12 noon, holidays excepted, free of charge on the nine hole course of the Contra Costa Golf Club, located at Pacheco, Calif. The number of students playing will necessarily be limited, and detailed arrangements will be made between the principals and our professional.

Admission to the course will be by guest card made out by the school's principal or athletic director.

To assist this program further the professional, Mr. Will Rogers, will give lectures and exhibitions of golf at the various schools.

It is believed that the game of golf, which has become such a tremendous favorite in the athletic sports today, has not reached this pinnacle by chance, but by sheer merit. Nowhere can be found such an enjoyable pastime, so healthful a recreation, such sociability, and so much diversion as in playing golf.

Richmond Club In Return Play With Stockton Here Sunday

Richmond Tennis Club will have a chance to even the score with the Stockton Tennis club when they meet on the City Hall courts in their scheduled matches to be played today. Six singles matches starting at 10 o'clock will be played in the morning, and three doubles will be played in the afternoon contests.

The Richmond club will be handicapped again, by the absence of their ranking player, Nebo Chausser, who is prevented from engaging in any outside contests by a University of California ruling. Chausser is the third ranking player of the University team.

Work of repainting the lines of the City Hall courts was completed yesterday, after which lunch was served to the members taking part in the work, by a committee headed by Mrs. Beth Whitlock.

L. S. Fish will be the mainstay of the locals in the singles matches, the others being ranked as follows: Allen K. Herman, Sam Welles, Carl Peterson, Ed Fanning, A. S. Remell. The doubles teams will pair in the following order: Fish and Herman; Welles and Peterson; and Fanning and Bryant.

Substitutes will be Bill Regalia, Wally Kruger, Marvin Trullit, and Lloyd Moore.

Potato Is Now Declared To Be Disease Enemy By Scientists

By MAURICE LAAR
University Service
CHICAGO, March 3.—The humble potato has been discovered to be a powerful enemy of the diseases of civilization.

By increasing the consumption of the vegetable human beings can dodge diabetes, apoplexy and Bright's disease.

At least Denmark learned this when its grain importations were cut during the war. World war One of that country's foremost authorities, Dr. Hindeke, offered to his own health, however, believes that the potato has recently increased consumption, the potato can save more than 100,000 from dying annually in the United States.

Dr. Hindeke is the director of the Danish laboratory for nutrition researches. He was food administrator of his country during the war. Recently he was a visitor in Chicago.

"The food situation seemed desperate in Denmark during the war, with only 32,000,000 bushels of grain available in place of the usual 104,000,000 bushels. But the solution was simple. The fact was simply that both the people and the pigs could not live on the food that was available. The whole rye bread so that half of our bread consisted of bran. Though the English deprived us of our coffee, we took the grain from the distillers which left us without brandy and whiskey. Some doctors became angry. They claimed that I had put the people on pig feed and hen-feed. That was my intention, to give a low protein diet, a natural diet, and at the same time show how foolishly we used to live."

STATE HEALTH IMPROVED
Believers in high protein foods, meats and eggs, suggested that the resistance to disease would drop. But the state of health of the people generally improved after their business. From October 1, 1917, to October 1, 1918, the death rate went down to 10.6 per thousand, a record for Europe."

WHAT KIND OF TOBACCO IS THIS THING LOADED WITH TO STEAM UP THE FANS AS IT DOES?

FOOTBALLERS TAKE A POKE NOW AND THEN

SPORT WHIRL

THE ALLIGATOR THAT VISITED JOHN D.

Capt. Malcolm Campbell, British auto daredevil, has recently gone nowhere in a hurry. He made 207 miles an hour on the beach at Daytona, Fla. You can travel further than Lindbergh on a "carrousel," but he gets the cups. A brass ring is all right, but it is a Florida land boom. At heart he is a New York taxi driver. He made the front pages, but no mileage. The six-day bike riders don't leave the building, either. They finish at the same spot they started six days later. There's no scenery in an elevator shaft. Up and down is gravity, but it's no Cook's Tour. Capt. Campbell went up and down, sideways. If he didn't keep going the Daytona cops would have given him a ticket for parking.

Daytona is one of the liveliest spots on the East coast of Florida. Ormond Beach is its neighbor. Scientists tested the air and climate of the whole county before settling on Ormond for John D. Rockefeller's winter home. It is moderate, rarely hot. He has a modest home on the banks of the Halifax River there. At night searchlights play on the river front to aid his watchmen. A big alligator clambered out of the river one night into the Rockefeller grounds. So they put up the searchlights. Alligators don't like the light. The Ormond Beach golf course, where John D. plays has the ocean for a water hazard.

Daytona Beach, where the daredevils race, is laved by the ocean. You can drive a car along it from Daytona to Ormond with the outside wheels of the car in the edge of the Atlantic. The sand is packed tight as a drum. Unlike concrete surfaces, the sand "gives," absorbs the shocks that fire you out of the tonneau.

The moisture in the sand prevents fires from burning through. At the Indianapolis track friction spells tire trouble, often death. A blowout can throw a car over the track embankment.

WILLIAM FOX, ONE-ARMED GOLFER
Eugene O'Neill has the dramatic critics startled by his latest, "Strange Interlude." It is the show with wide-open intermissions. The idea is not original with O'Neill. Referee Dave Barry produced it first at Soldiers' Field, Chicago. Gene Tunney had a floor seat. That was a strange interlude. And Barry played to a bigger house than O'Neill.

Tom McCalliffe of Buffalo, armless plays golf well by holding the club handle in the stub of his right arm. His arms were cut off in an accident. There's no limit to resourcefulness backed by courage. William Fox, the movie magnate, scores in the 30's, using only one arm. Mr. Fox has a one-armed golf professional, Louis Martucci, of Orange, N. J., accompany him wherever he goes. They play golf together and win more matches than they lose. Martucci, an Italian, was quite a tourney player five years ago. He was scoring in the 70's then against Hagen and Jim Barnes. Mr. Fox's interest in him has made Martucci a rich man.

Henry L. Stoddard, in his fine book, "As I Knew Them," reminiscences of Presidents, recalls that it was Teddy Roosevelt's personal letters that persuaded John D. Sullivan to swear off drink. He tells of a strange luncheon trio at the Yale Club one noon. President Roosevelt was one; Archbishop Ireland another, and John L. Sullivan was the third. Mr. Stoddard, the fourth, should have recorded the conversation at this odd group.

RINGSIDERS MISS BOY, THORLEY, VILLEPIQUE
Eddie Foy, known all over the country as a comedian, will be missed from the ringsides of fight clubs. He was a rabid fight fan.

His favorites were Dempsey, Benny Leonard and the slugger from Milwaukee, Ritchie Mitchell. In death, he has joined two other famous ringriders, Charlie Thorneley, the florist, and Jim Villepique, so portly that he had to buy two seats to cushion his huge frame.

Bill Duffy postcards from Atlantic City. "A nervous breakdown sent him there but he's getting better. It was a bitter blow to Bill not to be in the corner the other night when Ace Hudkins beat Baker and Andy DiVodi won his scrap. The first thing Hudkins said when he went to the radio mike in the ring was 'Hello Bill.' Duffy was tuning in at Atlantic City. Duffy idolizes a fighter who rips and tears. Dempsey, Lomski, Eddie Anderson and Hudkins are four of his stable picks. All of them are alarm-bang fighters. DiVodi, a boxer, is the only exception.

Johnny Broderick joshed Frank (Doc) Bagley about a new hat the Doc was wearing the other night in the Garden. "It's a present," explained Bagley. "I handaged Tony Canzonetti's hands for him the night he beat Benny Bass. The next time I saw him he took me down and insisted I pick out a hat. That is it."

McGraw TURNS THE HOT AND COLD PLUGS
John McGraw, at Hot Springs, Ark., tells why he made Melvin Ott join the early arrivals at the baths. "He had too much fat on his legs," said McGraw. "The mineral baths may be able to take off fat on a rookie's head. Joe McCarthy of the Chicago Cubs signed a rookie only to learn that he was a dentist. McCarthy was lucky to learn that before the season started. Most managers learn it after the season has started. Waite Hoyt, the Yankee pitcher, says he'll either get a raise or he'll split to his winter profession as undertaker. Col. Rupert, in all fairness, should raise Hoyt from the dead."

Tex Rickard went broke in Alaska several times. On one occasion, he recouped his losses by working in a logging camp on the Yukon River. A few miles down the river was another logging camp. One of the rival camp's loggers had ambitions to be a writer. His name was Rex Beach.

The last echo of the Dempsey-Gibbons fight at Shelby, Mont. can be heard in a New York night club. Patricia Salmon, the cowgirl of Shelby, made famous by the New York fight scribes, sings torch songs at the Parody.

Baffle Bars Win From Grimmels

The Baffle Bars nosed out the Grimmels Sporting Goods Bowling five at Oakland Friday night. The Bars rolled 2741 against 2684 for a total of 3 points. High scores were rolled by Paris Buttice and J. Murray. G. Wetstone, J. DeBarre also far out well L. Fayer had a 212 game.

Baffle Bars roll the Gallen-kamps Shoe store Thursday.

RADIO SOLOIST

Leroy M. Bryant, of Richmond, was the featured saxophonist of the Carrol Super-orchestra in its broadcasting program over KVA last night. Several solos were played during the time that the orchestra was on the air between 10 and 11 o'clock yesterday morning.

Canadian Visitors Depart For Home

NIBS PRICE TO ISSUE SPRING CALL MONDAY

BERKELEY, March 3.—The third of the Nibs will be issued again on the University of California campus Monday when Nibs Price, head football coach, issues his annual call for spring practice.

It is estimated that more than 100 members of the Nibs will be on hand to prepare for the 1928 season. Price has announced that he and Clint Evans, assistant coach who will assist him, will devote their attention primarily to fundamentals in order that work of a more advanced nature can be the order when the regular season opens next fall.

Practice will be held on Hillgard Fieldasmuch as the Memorial Stadium is being prepared for the eight 1928 home contests to be played upon its gridiron. The work of ploughing and subsoiling the field as already been completed.

Spring practice will extend to March 15, with a ten day intermission beginning March 15 in order that the athletes may prepare for the mid-term examinations.

Captain Irvine Phillips will be on hand with the greater number of the Bears who saw service in last fall's campaign. Incident upon bettering the 1927 record, which included but three defeats at the hands of U. S. C. Washington and Stanford.

Notable among the absentees will be Fritz Coltrin, the Bears' great captain and tackle of last season. Jim Dougherty and Dick Diwett, ends, will graduate this season, while Jack Evans, quarterback; Ned Green, tackle; Irving Marcus half; Elmer Gerkin, tackle; Paul Perin, half; and Harold Kaufman, guard will probably not return.

Gerhen, who won his letter in his first season of varsity play, is entitled to two more years of competition and may return next fall for more football. This is true of Harold Kaufman, one of the now famous pair of "pony guards." The others have played three seasons and would not be eligible even if they did not graduate.

GLENDAL—Hyperion viaduct in Los Angeles county will cost near \$1,000,000.

Guernville selects site and will build new firehouse.

LUTHERANS AND WESLEY IN CAGE CHAMPIONSHIP

Championship of the Sunday School basketball league will be decided in a three-game series to be played on the "Y" courts starting Monday at 8 o'clock. The Wesley Methodists and Lutheran teams will be the contenders for the pennant and the gold basketballs that go to the champions. These two teams meet in the championship games due to the fact that each has won one of the halves of the league. Wesley took all seven of the games played in the first half, and the Lutherans did the same thing in the second half.

The Wesley boys fell down in their averages during the second half when they won only four of the seven games, while their opponents took all seven of the games. Gillan, Milcevic, Baldwin, McLaughlin, and Theiste for the Lutherans are expected to continue their strong work for their team and are given the edge in the opinion of many followers of the league.

Wesley on the other hand have same good men in the person of Johnny Hutton Ray Melin, Jimmy Hosking, Caesar Bertone, and Elwood Hall and can be depended upon to furnish their opponents with competition enough to make an interesting basketball game. J. M. Jockims, secretary of the league, has announced that an out of town referee has been secured to handle the games, and that he will keep things moving all during the periods of play.

Soccer Club In Petaluma Today

W. L. "Doc" Seawright's newly organized soccer team will leave early this morning for Petaluma where they will engage a team of that city. The squad that played against the Junior Thistles last Sunday, and won the game by the score of 3-1, will all be on the trip along with some older and more experienced players.

Union Hi-Cogswell Game Postponed

A wet baseball field at the Cogswell high school and the prospects of more rain before the day was over, resulted in the postponement of the scheduled Richmond high Cogswell high game yesterday. Major Ivan Hill is making arrangements to have the game played at a later date.

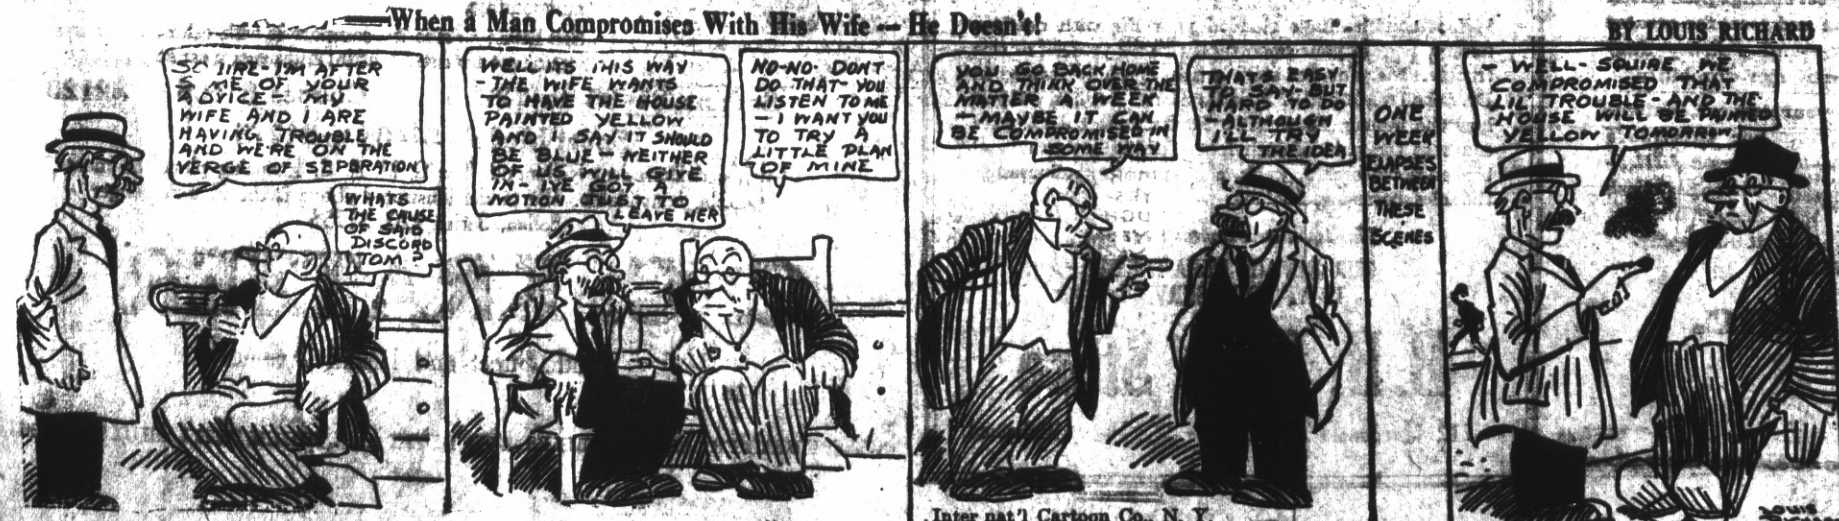

Children School Apparel

When Mother sets them romping off for school in the morning she will look after them with pardonable pride if she has taken advantage of these days of special offerings in everything needed to complete the children's school outfit.

FURTHER CUT IN TAX SLASH NOT EXPECTED

(Continued from Page 1)

over the extent of tax reduction even before the estimates of collections were revised. The \$290,000,000 tax cut bill passed by the House was then held up in the Senate until this month's collections should throw more light on prospective revenues.

Mellon's plan for a \$225,000,000 reduction was within the scope of the \$252,000,000 surplus estimate, but would be unable to whether the decline in collections now predicted.

Hence barring a surprise in the collections, the Treasury will have to choose between a very small tax reduction and none at all.

Some elements in Congress refuse to accept the Treasury's estimates of future surpluses at face value, or to take fright at the spectre of a deficit if taxes are cut too much. Any substantial decline in actual revenue this month, however, will be given serious study by these elements.

Additional uncertainties, tending to discourage tax reduction, have been introduced by the long period of marking time in Congress on flood relief and other projects, leaving the amount of the Government's expenditures for the next few years in doubt.

Last Sermon In Old Church

"Knights of the Royal Road" will be the subject of the last sermon preached by Pastor Weldon M. Wilson in the First Baptist church on Tenth street. The communion service will be held at this time and new members will be welcomed into the church. Mrs. E. J. Boughtin will sing a solo and there will be a chorus by the choir.

At the morning service at 11 o'clock, Miss Mildred Davidson, field secretary of the W. W. G. and C. W. C. worker, will be the speaker. Miss Maxine Pruden and Miss Olive Boughtin will sing a duet.

Sunday school meets at 9:45 a. m. with C. E. Parker superintendent. There are only two more Sundays in which the classes will meet in the old church, and all members are urged to be present. There are classes for all ages and those not attending elsewhere are cordially invited to join one of our classes.

B. Y. P. U. will meet at 6 p. m. with Bert Bussan in charge. An interesting program is being prepared which will call to mind reminiscences of work and workers in the past years.

Remember the mid-week prayer service Wednesday evening at 7:30 p. m.

All members of the choir, please meet at the new church on 13th and Barrett on Tuesday and Thursday evenings at 7:30 p. m. for choir practice.

All friends and visitors in the city will find a warm welcome at our services of worship.

Rifle Club Stages Shoot Meet Today

The first practice shoot of the Richmond National Rifle club will be held this morning at the indoor range in the old Stiefvater building on Richmond avenue, on the west side. The organization is part of the national association, and has a membership of about one hundred.

The Stiefvater building has been fitted up as an indoor range and has the regulation targets that are furnished by the war department.

League Plans Special Service

An unusually interesting service has been planned by the young people of the Senior and Intermediate Epworth League of the Wesley Methodist Episcopal church for Sunday evening at 6:30 o'clock. Special music will be rendered by Miss Madeline Whitlesey who will play a group of cello solos, and Miss Frances Freshy, who will sing a group of vocal solos. The young people will have as their guests Mr. and Mrs. Abel Elund, who have just returned from the mission field of Malaysia. They will tell the young people of their work. All young people not attending elsewhere are invited. Gordon Hosking will have charge of the meeting.

Finley Infant Rites Tomorrow

Funeral services for the eight-months old son of Mr. and Mrs. B. H. Finley, 932 Eighth street, passed away at the family home Saturday will be held from the chapel of Wilson and Kratzer tomorrow at 2 o'clock. The child, Edward Both Finley, had been ill only a short time, and is survived in addition to his parents by three sisters and two brothers. Rev. Charles G. Lindemann of the Wesley Methodist church will have charge of the services, after which interment will be in Sunset View cemetery.

Legion To Aid In Building Billet

Volunteers from the Richmond Post of American Legion will go to Oakland today to help in the cementing of the back yard of the Billet home maintained by the Legion Auxiliary of the state. Adjutant H. J. Simons has donated a part of the materials to be used in the work.

It was announced last night that Phil Dodson, state commander of the Legion, would be the guest of honor at the meeting of the Richmond Post to be held in Memorial hall, Thursday, March 22.

Forsman Funeral Rites Tomorrow

Last rites for John August Forsman, 84, who passed away Saturday at the home of his daughter, Mrs. Annie Zecher, 944 Seventh street, Richmond, will be held tomorrow at 2:30 o'clock. Interment will be made in Sunset View cemetery. The deceased was a native of Sweden, but had lived in California for the past 60 years, 25 of which were spent in and near Richmond.

Forsman was a member of the Richmond local Carpenters' Union. Among those who survive the man are the following children: B. J. Forsman, Hickmah, California; Clarence Forsman of Oregon; Mrs. Sadie Hagenah, San Francisco and Mrs. Annie Zecher.

Missionaries To Conduct Service

The speakers at the popular evening service at Wesley Methodist Episcopal church Sunday evening at 7:30 o'clock, will be Mr. and Mrs. Abel Elund, missionaries of the Methodist Episcopal church, who have just returned from service in the mission field of Malaysia. They come with an interesting and inspiring message concerning that great mission field. They will also address the young people of the church at 6:30. The public is cordially invited to these services.

Cosmopolitan Club Addressed By Fiske

The Cosmopolitan Club met in the music hall of the Richmond Union high school last night and had as their principal speaker of the evening Professor Henry S. Fiske, of the University of Idaho, who delivered a lecture on an interesting trip to New York. Mrs. Carl Alexander gave a talk on parliamentary law, and musical numbers were enjoyed. Refreshments were served after the meeting by Mrs. W. E. Tuttle and Mrs. W. W. Chapin.

LOS ANGELES—Official opening of Los Angeles Curb Exchange to take place in March.

Ex-Soldiers In Free State Make Plea To Commission

(By Universal Service) DUBLIN March 3.—The British Legion of Ireland, a new preparing their case for the special commission set up by the Free State government. The commission consists of Patrick Huxley, leader of the Farmers party, Cecil Lavery, chairman and General Browne-Clayton. Captain Richmond moved for and obtained this commission in the present Bill.

There are about 164,000 ex-servicemen in the Free State and the British Legion claims it will speak not only for its own members but for all ex-servicemen in Ireland. The case to be put forward is as follows: 1. To the Free State Government a request that British ex-servicemen be put on a par with ex-national army men for employment on public works. There is at present a nominal 10 per cent. for ex-national army men, but the Legion claims that the Labor Exchanges send the men for employment classified as (a) married ex-national army men, (b) unmarried ex-national army men and (c) others. The list of national men is never exhausted, so that the ex-British men do not get much look in. 2. To the British government, rectification of the unemployment

Sciots Enjoy Dinner Dance

A jolly crowd of forty couples enjoyed the dinner and dance held at the Carquinez Golf club last night by the Richmond Pyramid of Sciots. A delicious banquet was served after which dancing was the diversion. It was agreed that Toparch Glissman of San Francisco "took cake" when he presented a number of comical stunts. George Goode's University DeMolay Orchestra furnished the music for the dancing. When the affair was at its height serpentine and balloons added to the enjoyment of the merry-makers. Toparch George Lohr, Jr. presided.

BEACON CHAPTER HOLDS INITIATION

Beacon chapter of Eastern Star held a class initiation in Masonic temple last night with Worthy Patron Lud Johnson and Worthy matron Mrs. Lud Johnson presiding. A banquet was served following the meeting by a committee consisting of Lois McNamara, Alice Sargent, and Olive Legerwood.

At the next meeting of the chapter a social program of cards and entertainment will be arranged.

GUSTAV VASA ELECTS DELEGATE

Gustav Vasa lodge elected its representative to the district convention of the order to be held in Kingsbury March 24 and 25, at a meeting of the organization held in Woodman hall last night. D. Erickson president of the local organization, will represent the lodge at the convention. Refreshments were served by the women at the meeting.

THREE BIRTHS FILED

Reports of the birth of three babies were made at the office of the City Health Department yesterday. They were as follows: To Mr. and Mrs. Antonio C. Silveira, Chwartz' Ranch, San Pablo, a son, on February 20; Mr. and Mrs. John G. Traverso, 526 South Seventh street, Richmond, a son, on February 19; and Mr. and Mrs. Frank Manuel Higuera, Rosio, a son, on February 29.

Treasures At Ur Excite Old World Archaeologists Campaign For Presbyterian New Church To Close Today

LONDON, March 3.—Tales of the treasures found at Ur of the Chaldees—golden wonder of 5,400 years ago—have engrossed the attention of students of archaeology here for the last several months, and animated discussions still are taking place in art circles of London over the latest report issued by the British Museum on the findings of the Anglo-American expedition.

Objects of gold, silver and precious and semi-precious stones have been unearthed at the site of the ancient city. Chief attention of the excavators has been centered for the last several months on the tomb of a king who lived approximately 3,500 years B. C. The expedition was organized by the Museum of the University of Pennsylvania and the British Museum.

Many bodies of ancient personages have been found in the grave shaft, but a mild sensation has been caused by the failure thus far to find the body of a much-sought prince. Several of the bodies were richly adorned with beads and gold, and precious offerings to the vanished prince are scattered profusely about the grave itself.

The recent report of the British Museum which has given students and scholars interested in archaeological excavations so much to talk about set forth a graphic description of the latest discoveries. The report states:

RICH GOLD VESSELS

"Against the wall at the back of the shaft, we found four magnificent gold vessels, two of them plain, and two decorated all over with fluting and engraving. Of the plain vessels, one was a lamp or bowl with a long trough spout; the other a chalice so beautifully proportioned that any applied decoration would have been out of place."

Some of the other principal finds include a twelve stringed harp, a chariot, a toilet set in gold, a gaming board and the dice with which the game was played and numerous other gold and silver vessels—some of which are said to be the finest ever unearthed in Mesopotamia.

Referring to the objects of gold, the report issued by the Museum here continues:

"The pieces must rank with those from the grave of Mes-Kalam-Dug (a prince whose tomb was already excavated) as the finest examples of gold work ever unearthed in Iraq. They lay to-

gether, almost hidden by a mass of cups and vases of silver. Here also were fifteen silver tumblers arranged in sets of five, one inside the other, and howls similarly nested; a flat plate, a libation jug, a curious bottle shaped something like a Russian samovar, and close by were copper vessels whose types repeated those of the more precious metal.

"All of these lay at one end of a great wooden box, which we found empty. It may have contained clothes, but no traces of such remained. Along the sides of it lay more copper vessels and many vases of stone, mostly of white calcite or alabaster, and of green-grey steatite, but among them were two rarities—an oval bowl of obsidian and a spouted cup carved from lapis lazuli.

STONE VESSELS

"There were more than forty stone vessels in all. With them were found two large lions' heads of silver with lapis eyes—probably ornaments from a stool or chair, a number of copper tools, chisels, axes and adzes, and quantities of beads of lapis lazuli and gold, not lying in order but scattered in the soil.

"There was a little oval set in gold and a small, semi-circular silver box and lid of which was a mosaic in lapis and shell—the finest examples of this technique that we have yet unearthed—representing a lion crouched over its prey.

Sou. Pac. Surgeon Honored By Dinner

At a formal dinner given at the Palace Hotel in San Francisco last night in honor of Dr. Walter B. Coffey, chief surgeon of the Southern Pacific systems, were approximately 150 doctors from the different parts of the state. Several Richmond doctors were in attendance, among them City Health Officer Dr. C. R. Blake, a former classmate of the honored doctor.

MRS. BOYER RECOVERING

Mrs. Thomas A. Boyer, 633 Chanslor avenue, wife of the County Probation officer is in a St. Helena Sanatorium recovering from an illness resulting from a sinus trouble.

Rehearsal for their annual spring show in May, will be held by Miss Matilda Meyers' kiddies, each Monday at 3:30 o'clock at Moose hall. Miss Emma Meyers will be the piano accompanist.

Continued From Page 1

Preliminary plans for the edifice have been accepted by the building committee together with a sketch of the proposed exterior.

According to the plans of the architects, Blaine and Olson, the auditorium will face on Twelfth street and extend along Bissell avenue. Adjoining it on the Twelfth street side, will be the Sunday school departments, the church parlors and offices.

Spanish type of architecture has been chosen for the building with deep recessed windows and doors, and buttresses adding strength to the mass. The auditorium will be in the form of a cross, two transepts forming the arms, with high windows lighting the transepts. The lower windows of the nave will be small, the lighting of the interior coming from the large clear-story windows, four on either side of the auditorium. A low pitched roof of red tiles will top the structure.

The feature of the new church will be the lofty tower, rising high above the roofs of the various portions of the building and topped by a dome of bright-colored glazed tile.

Horseshoe Players Plan Annual Banquet

The Barnyard Golf association of the Standard Oil refinery will hold an annual banquet after the completion of each tournament, according to plans made by members of the association last night. A banquet was held at the Hotel Carquinez and was enjoyed by approximately forty members. A. S. Lilly was appointed as chairman of the permanent committee and will be assisted by Wesley Stribley, Ray Cornell, and Alex Cook.
